## Ethnicity and Race

School districts in Washington State are required to report student data by ethnicity and race categories to the state's Office of Superintendent of Public Instruction. Ethnicity and race categories used in our district are the same as are used in all Washington school districts. They are set by the federal government, the Washington State Legislature, and the state Superintendent of Public Instruction.

The new Federal requirements state that Unknown, Multiracial, and Not Provided are not valid responses to ethnicity or race identification questions. If parents, guardians, or students do not provide ethnicity and race information, districts are responsible for assigning categories based on observation.

Please select **all categories** that apply to your child in **Section 1 and Section 2:**
